

## How to View Question Feedback in a Quiz or Test

1. If your instructor has NOT granted permission for your class to do this, stop here. It will never appear.
2. If your instructor has granted permission, click into the course and then into "Quizzes" on the NavBar.
3. Look for a triangle after the quiz name. Click on that and you will see "SUBMISSIONS."

4. Look for and click on "ATTEMPT." In some classes, only one attempt is allowed. In that case, look for "Attempt 1." If you get more than one chance per quiz, you may see "Attempt 1" and "Attempt 2."

5. Once inside the attempt, look down the page for any place that says "VIEW FEEDBACK" and click there.
