Inserting Carousels

Carousels are useful for building a series of content slides to show a connection between information. Carousels can be used to present a lot of information without using a large amount of space.

To Insert a Carousel:

In the page editing window, click on the **Other Insert Options** icon on the **Editor Ribbon (1)**.

Select **Insert Element (2)**.

The **Insert Element** window will pop up with a list of Elements to choose from. Select the **Carousel** element **(3)**.
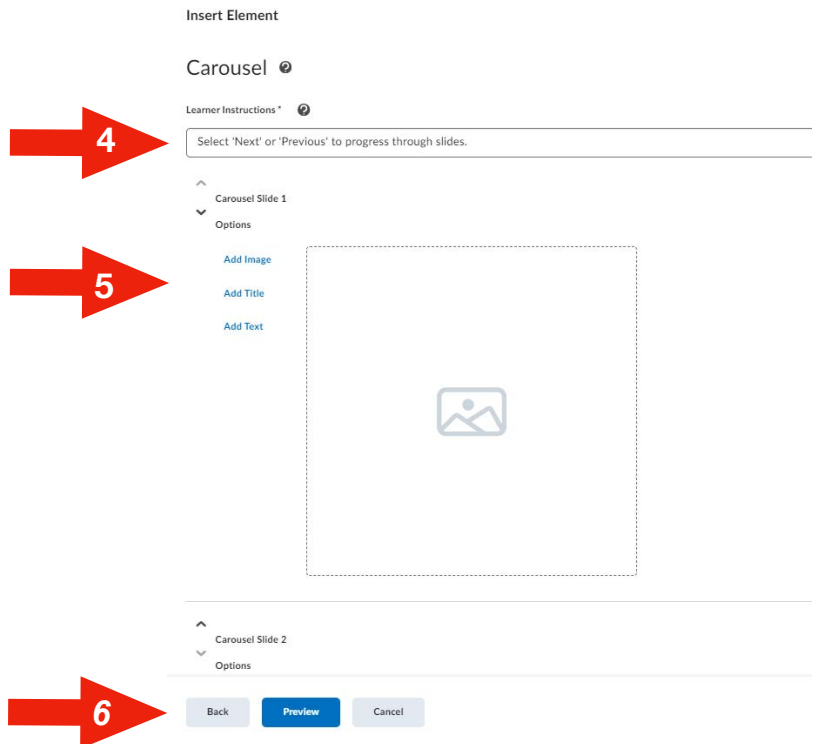

Add in information in the **Learner Instructions(4)** box.

Add **Images, Titles, and Text(5)** to each Carousel slide.

Click **Preview (6)** and review your **card**.

If your **Carousel** is to your liking , click **Insert (7)**. If not, click **Back** to continue editing.
