Homepage with Pearson Widget

Description

Enter a Description

Other layout options may be changed as needed.

The screenshot shows a configuration panel with three sections: 'Type', 'Header', and 'Layout'. The 'Type' section has a dropdown menu set to 'Widget-based'. The 'Header' section has a checked checkbox for 'Include homepage header', a text input field containing '{OrgUnitName}', and a 'Restore Default Header Text' button. Below the input field is a link: 'What replace strings can I use in a custom title?'. The 'Layout' section shows two icons representing different panel arrangements, with the 'Basic' layout selected. The description for 'Basic' is 'Two panels: one large panel on the left and one smaller panel on the right.' Below this is a 'Change Layout' button.

Scroll to bottom of page to **Add Widgets**.

The screenshot shows the bottom of a page with two 'Add Widgets' buttons, one on the left and one on the right. Both buttons are circled in red.

Place a **check** beside the widget you want to add to the page, then click **Add**. Do this for both sides of the template if needed.

The screenshot shows a dialog box titled 'Add Widgets' with a list of widget options. The options are: 'My Courses', 'My Settings', 'News', 'Pearson MyLab and Mastering', 'Pearson MyLab and Mastering Links', and 'Picture Library'. The 'News' and 'Pearson MyLab and Mastering' options are checked and circled in red. At the bottom of the dialog, there is a page indicator '1 / 1' and two buttons: 'Add' and 'Cancel'. The 'Add' button is circled in red.

Preview the layout/content of the new homepage. Items can be rearranged as needed. Click **Save and Close**.
